J., Feb. 18.-An,old base ball score book to-day cost Orange High Sehool's basketball team the champion-School's basketball team the champion-ship of the Northern New Jersey Inter-scholastic League. Orange cinched the title yesterday, beating Passaic, 14 to 13, and incidentally winning its fifteenth straight game. For some time other teams in the league protested against the playing of Capt, Belmont Evans of Orange, attack-ing his climbility. Today a league meeting his eligibility. To-day a league meet-ing was held to settle this. Evans, practically single handed, had beaten Ruther-ford and Passale, the nearest rivals, and won the title for Orange. Here yesterday he scored twelve of the fourteen points. Coach Shean of Passalc presented a baseball score book of 1999 showing Evans in the Orange lineup. A letter from Principal C. A. Duchsheir of Orange admitted Evans played that year. The showing constitution of the league says an athlete can represent a school only four seasons. This was his fifth. The evidence being conclusive, the league officials voted Evans ineligible and ordered all games in which he played with Orange forfeited to opponents. Rutherford and Passaic now are tied for has decided that the commission first place, with Englewood, Hackensack and Orange following. All the schools in Tetziaff combination of automobile racers the league were represented at the meet ing—Coach Shean for Passaic, Vanatt, Rutherford; White, Englewood; Goas, Orange, and Babcock, Hackensack.

ORANGE FORFEITS ALL GAMES. PICKENS HAS LEASE OF BRIGHTON TRACK

And He'll Run His Outlaw Meet There, He Says-A Story on Barney Oldfield.

A RACING CAR 10 YEARS OLD

Mercedes, a Winner in 1903, Will Start in This Year's Grand Prix at Amiens.

Bill Pickens was around yesterday showing a copy of an agreement with S. W. Gumpertz allowing him the use of Brighton Beach race track on May 30 and 31, so that there can be no doubt which Pickens says will surely race. The contest board of the American Automobile Association sent over to Mr. Gumpertz's office yesterday to find out what was going on. Mr. Gumpertz didn't seem disurbed by the prospect of having his track

turbed by the prospect of having his track outlawed for six months or so on account of having the meet there. He seemed to have an idea that if some person within the pale came along and wanted to run a series of pure andsanctioned races the ban would be lifted.

Pickens had a little levee in George Rector's yesterday and told of several incidents in his career, including the Jack Johnson-Barney Oldfield race, the Aeronautique Club of Chicago's international balloon contest and some other trifles. Pickens sald that when Barney Oldfield sold his cars to Ernie Moross Oldfield National Title.

Pickens said that when Barney Oldfield sold his cars to Ernie Moross Oldfield agreed not to race again but later on decided he didn't like the way the agreement had been made and started in again out on the Pacific coast. Moross tional racquet championship in singles at the Racquet and Tennis Club, West Fortythird street, yesterday. Incidentally it proved a bad day for the veterans, both Joshua Crane, Jr., of Boston and Charles hear now the argument on the inflantion came out. It was decided in favor of Oldfield and Coffroth wired him: "Jus-tice has triumphed." Oldfield wired back: "Get another lawyer and appeal the case."
Pickens has an idea for a twenty-four sheet poster on which he will display the heads of Jesse and Frank James, the Biddle brothers, Cole Younger and perhaps a dozen other outlaws as a decorative border. In the centre he will have "The Twentieth Century Outlaws. The Greatest of Them All," meaning, of course Oldfield and Tetzlaff.

> A remarkable car is to be entered in the A remarkable car is to be entered in the 1913 Grand Prix race in France, which will be run over a 1913 mile triangular circuit at Amiens, half way between Paris and Calais. This is the sixty horse-power Mercedes with which Janatzy won the 1903 Gordon Bennett race. The present owner, Gordon Watney, an Englishman, discovered it two years ago it as dilated. discovered it two years ago in a dilapi-dated condition in a garage in London. After buying the machine and finding the parts in good enough repair he altered the rake of the steering post and changed the carbureter, as well as making the necessary changes in timing of the valves. The car has been racing the past two seasons at Brooklands and has shown as good speed as \$9½ miles an hour—from a standing start. The motor size is 140 by 150 millimeters, or 5.46 inches by 5.85

The performance of a racing car ten years old is bound to be of interest. It is not often that one is going so many years afterward and showing such speed. If this car should win it would be a great triumph for the Mercedes makers, who have not had a Grand Prix winner since smaller bouts fines of \$5 and \$10 to be sufficient. After fining rule to old standbys have been dropped.

As part of the attraction at the Brook lyn automobile show Ralph Mulford and Ralph De Palma are to drive a pashmobile race in the Twenty-third Regiment Armory. The course will be around the wide aisles in the armory. The first heat will be run on February 24 and the others later, or so the publicity man says. There are prizes up and F. J.
